

MouseAdventure

Sunset Boulevard in Disney's Hollywood Studios Theme Park is full of, well, sets! But you may have to really take a careful look around to find them all.

Your goal is to identify the missing item in each set. Then eliminate the letters for that item from the list at the bottom of the page. When you find all of the missing items, unscramble

the remaining letters to form the word of an item from one more set found in the area. Your final answer is the two other items that complete that set.

This is just a taste of the fun that's waiting for you at our first ever MouseAdventure in Walt Disney World. Are you game? Register today at mouseadventure.com!
